

SANAS Research Award

The SANAS Research Award will be made annually by open competition to support an overseas research visit, which may include a conference presentation or archival trip, relevant to the field of North American Studies.

Eligibility: Applicants must be members of SANAS at the time of application. SANAS members of all ranks are eligible. Note: In an effort to ensure equitable access to resources, SANAS members cannot be awarded the Event Grant and Research Award in the same calendar year or in sequential calendar years.

Value: The value of the award will be up to **500 CHF**. Applicants are encouraged to apply for additional sources of funding. Priority will be given to requests with a clear and realistic budget.

Deadline for applications: November 10

Evaluation: The SANAS board will take into account institutional diversity in the event that we receive numerous applications. There will also be an effort to avoid repeat awards to the same applicant within any two- to three-year timeline.

Applications must include

- a statement of research (for research trips) or an abstract of the conference paper (for conference trips),
- a list of alternative sources of funding to which the applicant has also applied,
- a curriculum vitae of applicant,
- a list of two references, and
- an approximate cost of the entire proposed conference or research visit.

Send your application to: Katharina.Gerund@es.uzh.ch

The winner(s) will be announced in the newsletter following receipt of the award.

Within six months of their return to Switzerland, the recipient of the SANAS Research Award must submit a brief report (no more than one page) on their research or conference trip. This report will be included in the SANAS Newsletter.
